42.SU.09 Waist coat: 68% viscose/27% polyamide/5% elastane

42.SI.04 Waisted shirt dress: 100% silk

## BEHIND THE SCENES

The design team is based in Amsterdam where the collection is meticulously put together. We are deeply passionate about fabrics and yarns, carefully selecting them to ensure timelessness, durability and wearability. From the beginning of our story, more than 30 years ago, we made a conscious decision to work primarily with high quality natural materials. It is the fabrics, from certified cottons and cashmeres to premium leather, that ensure every piece evokes a sense of quality and refinement.

Our commitment to sustainability and ethical practices ensures our values are aligned with those of our discerning customers. We strive to educate ourselves every day and make better choices.

We are proud to say that our apparel collection is almost exclusively 'Made in Europe'. Our suppliers are based in Italy, Macedonia and Poland. Fabrics and yarns are sourced from some of the best suppliers in Italy and Portugal so that LaSalle garments will stay beautiful for a long time if cared for with love.

We work very closely with our suppliers, who are highly skilled, in some cases with artisanal traditions and technology. We visit them often and have strong personal relationships, with some we have been working for more than 20 years. Through time these relationships become deeper, the connections stronger.

42.SU.08 Trousers: 68% viscose/27% polyamide/5% elastane
